

	Jusciele Moreli, Ph.D
	Faculdade de Medicina Faceres Av. Anísio Haddad, 6751 - Jardim Francisco Fernandes, São José do Rio Preto - SP, 15090-305 juscielemoreli@gmail.com
Dr. Jusciele Moreli is a Pharmaceutical Scientist with an established academic trajectory in higher education and biomedical research. She earned her Ph.D. in Gynecology, Obstetrics, and Mastology from the Botucatu Medical School, São Paulo State University (UNESP), and completed a Postdoctoral Fellowship in Structural and Functional Biology at the Federal University of São Paulo (UNIFESP). Since 2018, Dr. Moreli has served as Professor of Morphofunctional Sciences in Medical Education and is currently affiliated with FACERES Medical School. Her research program focuses on the investigation of placental inflammatory pathways and DNA metabolism, supported by international collaborations including the National Institute of Environmental Health Sciences (NIEHS/NIH, USA) and the National Genotyping Center at the University of Santiago de Compostela (CeGen/USC, Spain). Dr. Moreli is currently pursuing advanced specialization in Health Sciences Education.
