

	Nanik Siti Aminah, Prof. Dr. M.Si.
	Department of Chemistry, Faculty of Science and Technology, Universitas Airlangga, Komplek Kampus C-UNAIR, Jl. Ir. Soekarno, Surabaya, East Java, Indonesia Email address: nanik-s-a@fst.unair.ac.id
Personal Profile:	
Dr. Nanik Siti Aminah is a Professor of Natural Product Chemistry from the Department of Chemistry, Faculty of Science and Technology, Universitas Airlangga, Surabaya, East Java Province, Indonesia. She completed her undergraduate program in Chemistry at Universitas Airlangga, Surabaya, Indonesia in 1990. Her Master's (M.Sc., Cumlaude) and Doctoral (Dr., Cumlaude) degrees were completed at the Bandung Institute of Technology, Indonesia in 1997 and 2003, respectively. After completing her doctoral program (October 2003), she received a JSPC scholarship as a researcher for 50 days at the Faculty of Pharmacy, Meijo University, Nagoya, Japan, and in 2009-2010, she continued her postdoctoral program for 10 months at the same place with a scholarship from Meijo University.	
Dr. Nanik Siti Aminah has been working as a lecturer in the Department of Chemistry, Faculty of Science and Technology, Universitas Airlangga since 1991. Her research interests are in the field of Natural Products Chemistry, especially “The exploration of secondary metabolite compounds from tropical plants and their bioactivities”. As a researcher, she joined the Biotechnology of Tropical Medicinal Plant Research group and, together with her team, has received various research grants from Universitas Airlangga and the Indonesian government. She and her team's articles have been published in various reputable international journals and presented at several national and international seminars. She has also delivered guest lectures at several universities in China, Pakistan, Jordan, Tanzania, Timor-Leste,	

Malaysia, and Myanmar. To find out more details about her publication activities, please see the following link:
